5	A & K 6B11	2/4/2016	TR	YR	RRNN	Luxford 13-1440 "Bozeman"	A&K Suffolks OS31	If your looking to add some length to your program this is the stud to do it. His mother has produced some very good sheep for us, including his triplet sister who is being offered as lot 9. "Pinnacle", as we call him, is very correctly made, moves out well on moderate bone.
6	A & K 6B13	2/10/2016	TW	YR	RRNN	Luxford 13-1440 "Bozeman"	A&K Suffolks 4T20	If your looking for all out thickness and bone, this is the stud that may be for you. He won't win any beauty prizes but has a great top and hip and stands on heavy bone. "Dunkirk" is very correct and moves out well. His mother is one of the "Tumbleweed" ewe we have; they just produce rugged sheep.
7	A & K 6B07	2/2/2016		YR	RRNN	Luxford 13-1440 "Bozeman"	A&K Suffolks 4T20	"Gun Sight" as we named him won't be the tallest ram in the class but has all the right pieces in the right places. Good top, good hip, stands on heavy bone, and moves out well. Out of "Red" ewe who continues to produce good solid thick, moderate sized type of sheep.
8	A & K 6B18	2/22/2016	TW	YR	RRNN	Luxford 13-1440 "Bozeman"	Luxford 09-1251B	Luxford breeding top and bottom. This will be last minute call if we decide to bring him. "Bozeman" is getting on in years so we might just decide to retain him.
9	A & K 6B09	2/4/2016	TR	YE	RRNN	Luxford 13-1440 "Bozeman"	A&K Suffolks OS31	This is my sons pick of our Yearling ewes. This ewe is a triplet sister to " Pinnacle" 6B11 Lot 5. She is long, pretty headed and fancy. She moves out very well and has a great disposition. The only reason she is being offered is we have her full sister. This is definitely one of the best ewes we have ever offered for sale.
10	A & K 6B03	1/16/2016	Quad	YE	RRNN	Luxford 13-1440 "Bozeman"	Eyl 13-11	This is my pick of the Yearling Ewes we are offering. There is only one word for this ewe "big". This ewe has a big top, depth of side and just shear mass and moves out very well. Out of the Eyl ewe we purchased that won her class at the 2014 Nugget Sale.
11	A & K 6B14	2/13/2016	TW	YE	RRNN	Luxford 13-1440 "Bozeman"	A&K Suffolks 14-11	Don't let her size fool you. This ewe is on the grow and looking better every day. If you want to raise bucks like "Dunkirk" 6B13. This is the ewe line that does it. Out of a "Tumbleweed" dam she has plenty of thickness and is heavy boned. We really like this ewe line and retaining her twin sister.
